Safe Sharps Bring-Back Program Sharps is a medical term for a device with sharp points or edges that can puncture or cut skin including needles, syringes, lancets, auto injectors and infusion sets. The Safe Sharps Bring-Back Program is offered by the Pharmacy Association of Nova Scotia through your local pharmacy for the safe disposal of used sharps. **Used sharps must be handled properly.**

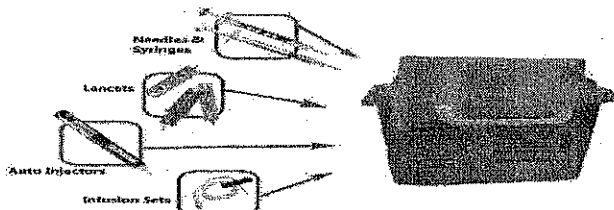

Do not ...

- Put used sharps in a plastic bottle or jugs for disposal.
- Place sharps in recycling or garbage bags because they can seriously harm people who are handling the bags.
- Flush sharps down the toilet.
- Try to remove, bend or recap needles used by another person.
- Put anything but sharps in a sharps container.

Needle stick injuries from used sharps may cause infections or diseases. If you are stuck, seek immediate medical attention.

If you use sharps...

1. Pick up a free Safe Sharps container at your community pharmacy. 2. Place your used sharps into the Safe Sharps Containers. 3. When the container is full, return the sealed container to your community pharmacy.

For more information contact RRSS Nova Scotia at 1-877-313-7732 or your community pharmacy.

The **St. Mary's District Lion's Club** members would like to thank all those businesses, community organizations and individuals that assisted us with donations for our Christmas Daddies project this year. Your help, donations and support for this annual project are greatly appreciated.
