Community Consultation Sessions for ECRL

What is the community consultation for?

Davis Pier Consulting is reviewing Eastern Counties Regional Library (ECRL). We want to hear directly from library users and community members.

When: August 8th, 2022 at 2-4pm & 6-8pm/August 9th, 2022 at 2-4pm & 6-8pm

Where: Municipality of St. Mary's Council Chambers, 8296 Hwy 7, Sherbrooke

We're here to listen and learn:

-When & why do you go to your library? When & why do you take your children to your library? What might help you choose to go to your library more often?

-What services do you need from your library? Are these services available when you go to your library? When is the best time for you to go to your library?

Why are we asking? Davis Pier is focused on understanding your needs for your local library. We value your input and look forward to hearing from you. Your feedback will contribute to our recommendations for library services available to you.

Who are we? Davis Pier Consulting is a homegrown Nova Scotia consulting firm hired to make recommendations on improving your library services. We understand how important libraries are in rural communities and we are aware of some of the challenges in providing services to library users.

Can't join the conversation but have thoughts to share? We understand the location and conversation times may not work for everyone. If you want to share your thoughts on your library services, please email our Project Manager at James.Brown@davispier.ca. We are accepting feedback by email until August 12th. Space is limited and will be first come first serve.

Municipal Electoral Boundary Review

Consultants with Upland Urban Planning & Design Studio will conduct the work to review the boundaries of St. Mary's municipal electoral districts as required by the Province of Nova Scotia.

The **first stage** of the process is to determine the appropriate number of Council members to serve the Municipality. A background report has been completed and placed on the Municipal website. In addition, a public survey has been launched to encourage all residents to participate and provide feedback concerning the size of council. Both can be found at <https://saint-marys.ca/municipal-boundary-re.html>. This important feedback will be used by the consultants to analyze the size of Council to determine if the current number of eight districts is still appropriate. In conducting this analysis, the following will be reviewed: the number of citizens represented, travel distance required to represent a district, committee workload, and the ability to attract sufficient candidates in past elections. The results of the analysis will be presented at a public meeting to receive any feedback before undertaking the analysis of the boundaries. Paper copies of the survey will be available at the Municipal Office.

In the **second stage** of the process, consultants will develop options for potential electoral boundaries. The analysis will be based first-and-foremost on section 368 of the *Municipal Government Act* and established precedent from the Utility and Review Board (UARB) regarding variance among district elector populations. Considerations will also be based on using clear features as boundaries, making transportation through a district connected and efficient, and fairly allocating municipal policy issues among members of Council. An online mapping tool will be published to allow residents to place map-based feedback on the options to help identify areas where tweaks to the boundaries could improve the effectiveness of the districts or the clarity or "intuitiveness" of their boundaries. Results will then be presented of the entire review at three public meetings throughout the Municipality to inform residents of the results and receive any feedback on the options. Following the public meeting the report will be finalized along with the final recommendation for submission to the UARB.

The **third stage** of the process begins with the UARB holding a hearing to review the Municipality's application. This allows for members of the public to apply to participate in the hearing as a formal intervenor or to comment on the application by way of providing a letter of comment or registering to speak in person at the hearing. The UARB normally issues a written decision within 60 days of the hearing. The UARB will also issue an order giving effect to the approved number of councillors and polling districts, and to the boundaries of the polling districts.

Municipal Planning Strategy & Land Use By-Law

At the Committee of the Whole Meeting on July 4th, 2022, drafts of the Municipal Planning Strategy and Land Use By-law were presented to Council and given First Reading (or approval) to proceed to the Public Hearing where residents could provide feedback or consideration for changes to Council. The public hearing was held on July 20th at 6pm and submissions from the hearing were considered by Council at the Special Council Meeting on July 20th at 7pm. After considering the submissions from the Public Hearing in depth, Council decided to implement substantive revisions to the drafts before approving. Revisions will be made, and new drafts will be presented again in the fall for consideration of a First Reading and eventually another Public Hearing. Please visit the municipal website for up-to-date information <https://saint-marys.ca/government/mps-lub.-review/>.

Congratulations St. Mary's Volunteers

This spring, Municipal Council launched a volunteer nomination process to help identify the St. Mary's Volunteer of the Year. St. Mary's Volunteer of the Year is Ruth Legge. The runner up volunteers are listed below. Congratulations to all of those who were nominated, and thank you to the residents who took the time to make the nominations.

Margaret Harpell

Margaret Harpell was nominated for her volunteerism as Chair of The Sherbrooke Village Restoration Commission. In addition to her time on the commission, Margaret has served on the board of the Guysborough Community Business Development Centre and on the Historical Sherbrooke Village Development Society. She was a founding member of the development of the Port Bickerton Lighthouse Interpretive Centre. Congratulations on your nomination, Margaret.

Yvonne Dunbar

Yvonne was nominated by the St. Mary's District Lion's Club. She was an original Charter member of the Lioness Club and is now serving as the Club President of the Lion's. Thank you for all you do Yvonne!

Karen Hallett

Karen was nominated by the Sherbrooke Village. She has been volunteering with the village for 20+ years. Karen is a volunteer representative with the Development Society and also volunteered with the Old Fashioned Christmas Event for 18 years. Congratulations Karen!

Sharon Tibbo

Sharon was nominated by the Liscomb Volunteer Fire Department. She has been a part of the department since it began in 1975. Sharon helps with fundraising, works at the ball field canteen, organizes events and is currently the secretary for the department. Thank you for your commitment, Sharon.

Community Services

Eastern Counties Regional Library

The Sherbrooke Public Library will be closed effective July 20 until the recruitment and training of new staff can be arranged. Library users will be mailed their requested items during the closure period. We encourage interested applicants to apply. Please find the job competition posting at <https://ecrl.ca/about-us/employment-opportunities/>. We will update the community as soon as we are able with information about a reopening date. Did you know? A consortium of 8 of the 9 regional libraries in Nova Scotia have created a new online service called "Same Page". Same Page allows library users to access materials from the 8 regional libraries through a single catalogue. Manage your account better, request materials, keep track of your reading, and find suggestions on what to read next in this new catalogue. Visit <https://www.samepagens.ca> to learn more. For staff assistance placing requests for books and other materials please call ECRL's Regional Office at 1-855-787-323. Stay up to date by following ECRL on social media: [facebook.com/ECRLibrary](https://www.facebook.com/ECRLibrary) | twitter.com/ecrlibrary.

Remember, even if the weather is wet, the air may still be dry.

Thank you from the Shveda Family

Two months ago, our family sought shelter from the war in Ukraine and arrived in the small village of Port Bickerton. We could not have imagined being so welcomed. Countless members of the greater community have banded together to provide us with housing, clothing, food, employment, schooling, transportation, and countless personal items as we start our new lives here in Canada. As we adapt to our new surroundings and home, we look forward to meeting each and every person who has helped us and the many other Ukrainians who have made the long journey to safety in Nova Scotia. We hope to someday repay these kindnesses. Mykhailo, Oksana, Rodion, Illia and Zakharii Shveda.
