

Eastern Strait / Guysborough

[Home](#) > [Zone Map](#)

Round 1 projects are underway. For more information on these and Round 2 projects announced, see the Communities in this Zone below.

Note: The names of our Internet zones don't necessarily represent the counties they fall within.

 6,910 Homes/Businesses with New Access	 \$14M NS Internet Trust Investment	 Bell Canada Service Provider	 Fibre to home/business Connection Technology
--	---	--	---

Communities in this zone

Below is a snapshot of communities and project areas in this zone. Additional information will be added for each project as it becomes available. This will include general coverage maps, estimated completion timelines, and any upcoming community webinars, events or other activities. If you don't see your home or community in projects listed to date, please know we will be urgently looking at next steps to extend service to remaining communities and will continue to provide updates here as they are available. We remain committed to cover as close to 100% of Nova Scotian homes and businesses as possible.
